I Gede Denis Yuda Prawira

WEB DEVELOPER

Fresh-graduate from Udayana University majoring in Information Technology with Information & Data Management concentration. As a Web Developer and Design System Enthusiast, I experienced in developing both web and mobile (Android) applications. I love to explore new things and eager to follow current trends and technologies. Excited to actively improving my current skill set and expanding it to a broader sub-skillset and actively looking for a working opportunity in Web Development, Front-end Development, and Back-end Development.

WORK EXPERIENCE
